**4th of July FIREWORKS**  
Great crowd,  
lots of Great Events  
and a Wonderful Show.

Thanks to the Fireworks Committee and everyone who helped make it a fun filled day and Great show.

Flag Officers and Past Commodores at the Vacation Cruise Commodore Dinner July 17th at Kent Island Yacht Club.

**"The Friendliest Yacht Club on the Bay"**

Hi Everyone,

Hope everyone is enjoying the summer. The weather has been exceptionally great so far.

Thanks to Fleet Captain Brian Harrison and Lady Stacey for putting together an amazing vacation cruise for the members. Unfortunately, I was unable to attend but I hear the members had an amazing time. Thanks to all those who attended the Commodore's dinner to support me and my bridge of officers.

The wine and blues fest is right around the corner. I know they are still looking for volunteers to help out at the event. Keep in mind this is a counted affair and is a huge event for the club. Let's have as much fun as we can and show the general public what a great place Eastern Yacht Club is.

We are about a month away from slip night. Just a side note to help F/C Brian out, you have till September first to get your boat inspected. After the first your slip will go up for bid and you will be considered a member in bad standing.

Almost forgot I want to give a huge thanks to everyone who helped out on the fireworks committee. This has been a long time tradition for Eastern and you guys/gals are the ones who keep it going.

## Eastern Yacht Club July GMM Prayer by Chaplain P/C Lillian Mullaney

Dear Lord,

We thank you for this day and the safe arrival of our officers, and members. We thank you for all those many members who unselfishly give of their time, efforts and talents to make sure our "Special" occasions are truly special. All of those members that worked so hard all day and the many technicians, helpers, firefighters, and police officers, we thank you and appreciate so much what did to make sure that we had a safe and enjoyable 4th of July.

Thank you for watching over all those members who went on our annual vacation cruise. Thank you for calm seas and for a safe return of all.

We also thank you for bringing back those members that were ill. It's so nice to see their smiling faces back at the club. Please continue to watch over those club members and their family that are still having health issues. Help them to get better, stronger, and back with us soon.

In closing, dear Lord, we thank you for the memories of yesterday, the gift of today, the hope for peace for everyone, everywhere, for tomorrow, and let's not forget our wounded warriors.

Amen, P/C Lillian Mullaney Eastern Yacht Club

Greetings Eastern Family,

## Still looking for OD help...

We are currently in need of ODs for the 3rd Friday of the month spot (6-2am) and the 4th Saturday shift (7-2am). Please contact me if you are interested in any one of these spots. If you're not sure what an OD (Officer of the Day) is and what the OD does during the work shift, please contact me. Also, if you are a Social member and would like to give back some of your time to the club, you can help out with the OD duties. Please contact me directly at 443-338-0443.

I want to congratulate F/C Brian and his First Mate Lady Stacey, on an amazing vacation cruise. Every day was full of activities, abundant and delicious meals and copious amounts of libation. During our days at sea with a heading to our new port, the weather and sea-state was ideal. The accommodations at each stop were great and the smiling faces were plentiful. Thank you both very much for all your hard work on the cruise and your commitment to our great club.

Bartenders, ODs or other elected officers; it is important to respect the wedding events that are taking place during the season. If you require something from the big building during the event, use the outside access for the kitchen or the office area. If you must go into the venue, please be dressed appropriately.

# Rear-Commodore, Ron Peffer

What a week, many thanks to Brian and Stacy for a great vacation cruise. If you've never been on a vacation cruise with the club you are really missing out. Not only do you get to visit great places, have a drink or 2, eat some of the best food on the bay, but you get to know your fellow members better, and forming friendships that can last a lifetime.

In the last couple of weeks I have been learning of electric problems on the piers, especially on A pier. If you are having problems please let myself and Kevin know. We cannot fix something we don't know about. Some of the problems I have heard about are that there is low voltage at the boat. What happens is we go to check it out, and nothing is turned on at the boat, the voltage checks normal. When things are turned on current is drawn causing a voltage drop across the wires and you get a low voltage. We need to work together to find the problem.

Lately several people have asked me why the national ensign is lower than club burgees. So this month a bit of nautical background is to answer that question.

R/C Ron

## A Bit of Nautical background

### "What is the proper way to fly flags on a gaff-rigged pole?"

That is probably the most frequently asked question received by the USPS Flag & Etiquette Committee. Gaff-rigged poles are used by navies, boaters and yacht clubs around the world. Onshore, the "yacht club style flagpole" with a gaff represents the mast of a ship. A gaff-rigged pole may, or may not, have a yardarm or crosstree. Many people are confused about the proper way to fly the national ensign from a gaff-rigged pole. The national ensign should be flown from the gaff and the club or organization burgee should be flown at the masthead.

The gaff-rigged pole had its origins at sea. Because of all the sail carried by the rigging of these vessels, the flag of a nation could not be clearly viewed if it was placed at the top of the mast. The stern of the vessel was the position of command and the captain's quarters were located aft. Early boats also had the nobleman's banner, king's banner, or English ensign staff fixed to the stern rail. As sails changed, long booms sweep across the stern rail every time the ship tacked, so the ensign staff had to be removed when the ship was under way. Since the captain and other officers were still aft, the nearest position from which they found it practical to fly the ensign was the gaff. Over time, this became the place of honor to display the national flag. When the ship was moored, the ensign staff was set up again on the stern rail.

This was the practice in the eighteenth century, when the U.S. Navy was created. Now that warships are made of steel and the signal mast no longer carries a boom, our navy still flies the ensign at the gaff peak when under way and at the ensign staff when not underway. There is no law specifying how a flag should fly on a gaff-rigged pole, instead it is based on long standing nautical tradition.

The usual argument given by those that think it is wrong to fly the national ensign from the gaff is that the national ensign is flying below a club burgee or other flag contrary to the Flag Code. Notice that even when the national ensign is flown from the stern of a ship, it is lower in height than other flags flying on the ship. When the ensign is flown from a gaff-rigged pole, a flag flown at the top of the mast is not considered above the ensign because it is not being flown directly above the ensign on the same halyard.

If you have something to put into the Breeze, the cut off date is the 20th of each month. Please send your information in a MS document to [EYCjlk381@gmail.com](mailto:EYCjlk381@gmail.com). Mark the subject **BREEZE**. I do not have a program that will open PDF files to re-format them, or capture information from them. Thank you, Jim

EYC Family,

Good mid summer EYC friends. Well, we just returned from the Vacation Cruise and we are still in recovery mode. We had such a great time with so many of our EYC friends, many memories were made and many pounds were added from the food and drinks. I would like to thank everyone who attended the vacation cruise for your help and support. I would like to take the time to ask everyone to think about possibly attending next year's vacation cruise as it is truly an amazing time to really get to know your fellow club members. The bonds that are formed during these trips are truly special.

**F/C Brian and 1st Mate Stacey**

I wanted to let everyone know that our next trip is approaching. We will be heading to Tolchester Marina for Labor Day. We will be heading over Saturday, September 5th and staying until Monday September 7th. You will need to call Tolchester Marina ASAP, as slips will go fast. # Gulls President, Christine Gannon

GREAT NEWS!! If you did not know, the Gulls were in danger of disbanding at the end of this year. I was happy to announce during the July GMM meeting that the Gulls have a new slate of officers for the 2016 season. I look forward to new and fresh ideas coming in the next season!!

Fourth of July celebration was wonderful as usual! Rain was worrisome in the beginning but it cleared in time to have a great time!! Thanks to all on the committee, you spend a lot of time and it shows.

The Gulls will be making breakfast during the Wine and Blues festival. Right now it looks like Saturday and Sunday. Please see sign-up sheet to help out

here is still time to bring in your bottles of wine to contribute to the wine rack for the Wine and Blues Festival. As I wrote in last month's breeze we are again filling the wine rack and raffling it off this year so if you see some wine laying around that you won't drink or find it on sale and would like to donate please bring to GMM or give to a Gull who can put it safely away for the time being. You will receive 1 free raffle ticket per bottle of wine donated.

The 100% raffle board has been started and will be around the Tiki bar. This is a raffle started several years ago; it is not a Gulls raffle as entire pot is won by the winner. Last year we had 3 boards and we gave away 3 \$600.00 prizes on slip night. GOOD LUCK!!

Have a great month and hope to see you around the club.

Chris Gannon

Gull President
